Find standards, curriculum, courses and resources

Assignments

Step 2. Student Performance page. In the pull down menu, choose the Course/Section you would like to run the item analysis report. To pull data from last year click on Past Year's Sections.

Student Performance

Section Chooser

Region 3 Eleme [dropdown] [dropdown] [dropdown]

Past Years' Sections [dropdown]

All Courses [dropdown]

Choose Past Year's Sections from pulldown

Choose course/section

Step 3. Next, click on the Item Analysis tab. You can choose Change Test button to view another assessment:

Student Performance

The screenshot shows the 'Student Performance' interface. At the top right is a 'Materials Search' box with a 'Go' button. Below it is a 'Section Chooser' section with three dropdown menus: 'Region 3 Eleme', 'Type (Classroom Test)', and 'Assessment (Interim)'. Below these is a dropdown for '2ND MATHEMATICS - Per Alt1 (90220-203)'. A callout bubble points to this section with the text 'Assessment you are viewing Item Analysis for'. Below the section chooser is a row of navigation tabs: 'Benchmark Dashboard', 'Classroom Test Dashboard', 'Item Analysis' (circled in red), 'Skills Analysis', 'Standards Mastery', 'Student List', and 'Student Analysis'. A callout bubble points to the 'Item Analysis' tab with the text 'Click to view another assessment'. Below the tabs is the assessment title '04/04/12, 2nd Gr Math End of Year Interim' and a yellow 'Change Test' button. At the bottom, there are filters for 'Order by: Item Number', 'Show: Currently Enrolled Students', and a checkbox for 'Highlight Low Performing Students'.

Please note you may need to change the section in order for assessments in that content to appear i.e. in the example above, if you wanted to view writing interims, you may need to change the section to reflect Writing.
